- a. Related to the 501c3: Allow Iowa areas to use the non profit status for improved PR purposes. To do this, the requesting area would obtain quotes for desired services (i.e. bus signs), submit to the region with verification of availability of funds in the area, purchases to be made by the region then the region is reimbursed by the area making the request. All information used must be exclusively regional information without area information included. Concerns expressed are that this could be interpreted as legally questionable (i.e. money laundering). Suggestion made to table waiting on consultation with a professional.
